AUTHORS

Abeles, P. W., *et al.*, on Corrosion of steel in finely-cracked reinforced and prestressed concrete 429
,, on Large strand 458
,, on Principles for design and construction of prestressed concrete 253
Allan, D. W., on Calculation of temperature stresses 142
Baker, A. L. L., on The inelastic reinforced concrete space frame 131, 205, 245, 272
Base, G. D., on Helical reinforcement in the compression zone of concrete beams .. 173
,, on Shearing tests on thin epoxy-resin joints between precast concrete units 273
Bennett, E. W., on Calculation of changes of stress in prestressed concrete 403
Chan, W. W. L., on Helical reinforcement in the compression zone of concrete beams 173
Cohen, P., on Reservoir roofs designed for limiting width of cracks 365
De Courcy, J. W., on Structural joints 197
Frischmann, W. W., *et al.*, on Multi-storey frames and interconnected shear-walls 227, 283
Gartner, R., on Calculation of temperature stresses 141
Gifford, E. W. H., on Large strand 457
Hann, K. G., on Large strand 457
Hazzledine, R., on Education of engineers 258
Larnach, W. J., on Bending-moment influence lines for non-prismatic structures 343, 377
Lee, D. J., on Shearing effects of concentrated loads on slabs 167
Liszka, S. K., on Analysis of structures with curved members 81
Manning, G. P., on Design charts for timber forms 435, 484
McLone, R. R., on The effects of loading on cooling towers of three different shapes 303
Nessim, A. A., on Analysis of a square slab supported at four corners 96
Pemberton, W. V., on Education of engineers .. 59
Rygol, J., on A practical comprehensive method of designing reinforced concrete sections .. 5, 99, 127
Sondhi, J. R., on A curved non-symmetrical stair 189
Starzewski, K., on Influence lines for a frame with V-supports 481
Taylor, R., on Permissible shearing stresses in reinforced concrete beams 359
Turner, F. H., on Moment-distribution factors for flanged beams 315
,, on Simplified design of cylindrical shell roofs 393, 441, 461
Želelj, Branko, on A new bridge over the Danube .. 113
Beams, Helical reinforcement in 173
,, Moment-distribution factors for flanged .. 315
,, Permissible shearing stresses in reinforced concrete 359
Bearings for bridges, Rubber 492
,, ,, large bridges, Steel roller 490
